

28 February 1980

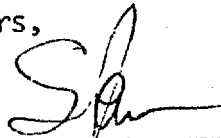

Dear Vince,

A note to let you know how useful and stimulating I found the exchange at our recent dinner at the Metropolitan Club.

Industry's views and assessments of the overall global picture are very important inputs which hitherto have not been sufficiently aired.

I therefore appreciated the opportunity to hear those views. Thank you for taking the time from your busy schedule to join me.

Yours,

STANSFIELD TURNER

Mr. Vincent C. Burke, Jr.  
Chairman of the Board  
Riggs National Bank
